- 6. From the Account dropdown menu, choose the relevant CDA.
- 7. From the Source of Funds dropdown list select the account the funds for the Fixed Term Deposit are to be drawn from. The options available will depend on your existing settlement instructions with the Bank. We will automatically transfer the funds to your CDA if the funds are to be debited from a Commonwealth Bank (CBA) account. However, if you choose any other funding option, it is your responsibility to ensure that the Bank receives the funds on the value date of the transaction.

**Note:** Customers who deposit funds using **CBA Branch or other**, are given the option to settle using Real Time Gross Settlement (RTGS). Click on the RTGS tickbox if you wish to settle using RTGS. If you choose this option it is your responsibility to ensure that the funds are transferred to the designated CBA account via RTGS.

8. Enter the amount you wish to invest in the **Investment Amount** field. The minimum investment amount is detailed in the CommBiz Terms and conditions.

Note: If you enter an amount that is below the minimum investment amount, you will see an error message.

- 9. Select the term of your investment 1 to 6 months from the Investment Term dropdown list.
- 10. Select your preferred Maturity Instructions from the dropdown list.
- **11.** Depending on your selection, you will now be able to specify the Payment Amount, Destination of Funds and Rollover Instructions.

**Note**: You can change the maturity instruction attached to your Fixed Term Deposit at any time until 6pm Sydney time on the business day before maturity. See CommBiz User Guide - Money Markets maturity instructions for details.

**Note:** If you choose to reinvest the proceeds to another Fixed Term Deposit, the Bank will automatically process this request at the prevailing interest rate on the maturity date.

**Note:** Customers can have the maturity proceeds paid into their nominated CBA or non-CBA account using Real Time Gross Settlement (RTGS). If you choose this option, the Bank will pay the funds into your nominated account via RTGS on the maturity date.
